

GO BEYOND

Take your teaching **beyond** status quo, defined standards and classroom walls. Challenge yourself **beyond** personal and professional mindsets. Extend students' learning **beyond** what textbooks and the Internet provide.

FUND FOR TEACHERS awards summer fellowship grants to preK-12 grade teachers to pursue self-designed professional learning. Teachers decide what they want to learn and where they want to learn it. Their odysseys take them all over the world—as scientists, researchers, artists and agents of change—and they return to their classrooms with new ideas that transform student learning and achievement.

Design your Fellowship

- Reflect on your teaching: Identify an authentic problem of practice.
- Think about your students and their needs: What would spark their learning?
- Create your guiding questions: What do you want to learn? What passion inspires you?
- What are your strengths and challenges?
- Think outside the box: How and where is the best place to learn it?
- Research your options: Find experts; talk to your students and their parents; explore destinations.
- Collaborate with peers, school leaders, local organizations and international partners to extend the impact of your learning.
- Make connections: How will you bring your learning back to your classroom, school and community?

Who is eligible?

You are eligible if:

- You are a full-time preK-12th grade teacher who spends at least 50% of your time directly providing instruction to students;
- You are returning to the classroom in the consecutive school year;
- You have at least three years' experience as a preK-12th grade teacher at the end of the school year.

Individuals may apply for up to \$5,000 and teams may apply for up to \$10,000.

Apply online by January 19, 2023 at fundforteachers.org.
