

**How to score:** While you read each proposal, assign one point for each criterion found in the strong evidence column. Points from the compelling evidence column should only be awarded if the applicant receives **all the points** under the strong evidence category for that section.

An excellent Fund for Teachers grant proposal will include all the criteria listed under “Strong Evidence” and some or all of the “Compelling Evidence”. A good proposal will contain some of the Strong Evidence and none of the compelling evidence. A poor proposal will likely contain little-to-no strong or compelling evidence.
